

北海道飲食店感染防止対策認証制度

The Hokkaido Certification System for Infectious Disease Prevention

- 北海道飲食店感染防止対策認証制度は、北海道が飲食店の感染対策に関する基準を定めた上で、個々の飲食店に対して基準適合性を確認し、認証する制度です。

The Hokkaido certification system for infectious disease prevention is a system in which Hokkaido establishes standards for infection control measures in eating and drinking establishments, and then checks and certifies individual establishments for conformity to the standards.

- 北海道は以下の4項目を中心にした認証制度を設定し、個別の飲食店を訪問して基準適合性を確認し、認証しています。

Hokkaido has established a certification system focusing on the following four items and visit individual eating and drinking establishments to check and certify their conformity to the standards.

認証された飲食店には、上記の認証マークがあります。
Certified eating and drinking establishments have the above certification mark.

●座席の間隔の確保 (又はアクリル板の設置)

Ensuring distance between seats (or setting up acrylic panels)

●食事中以外の マスク着用の推奨

Recommending wearing masks when not dining

●手指消毒の徹底

Thorough disinfection of hands

●換気の徹底

Thorough ventilation

飲食店をご利用される際は、認証店の利用を検討ください。
Please consider going to certified eating and drinking establishments when dining out.
